

Careworks Convenient Healthcare (Careworks) offers a convenient, affordable healthcare option for patients seeking everyday medical attention. Careworks clinicians (physician assistants or certified nurse practitioners) diagnose, treat and write prescriptions (when clinically appropriate) for common medical problems including sore throats, earaches, sinus infections, flu, urinary tract infections and more. These healthcare providers collaborate with physicians from within Geisinger Health System. They also provide routine health exams, immunizations, screenings and wellness services. Services at some clinics also include x-ray, EKG, and phlebotomy. Careworks clinics treat acute illnesses and minor injuries, helping patients avoid unnecessary emergency room visits. For more information see www.careworkshealth.com

About Geisinger

Careworks is owned and operated by Geisinger Health System, an integrated health services organization widely recognized for its innovative use of the electronic health record, and the development of innovative care models such as ProvenHealth Navigator® and ProvenCare®. As the nation's largest rural health services organization, Geisinger serves more than 2.6 million residents throughout 44 counties in central and northeastern Pennsylvania. The physician-led system is comprised of more than 20,800 employees, including a 1,000-member multi-specialty group practice, eight hospital campuses, two research centers and a 450,000-member health plan, all of which leverage an estimated \$6.1 billion positive impact on the Pennsylvania economy. The health system and the health plan have repeatedly garnered national accolades for integration, quality and service. In addition to fulfilling its patient care mission, Geisinger has a long-standing commitment to medical education, research and community service.
